HiLook

IP CCTV HiLook Vision App Setup Guide

1. Download the DMSS App from Apple App Store or Google Play Store.

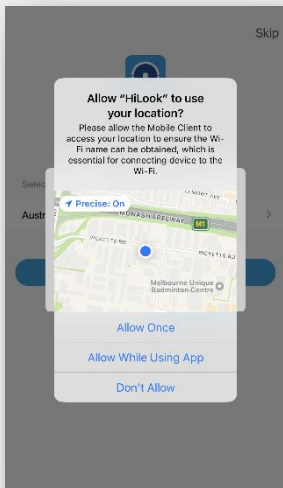

Apple App Store

Google Play Store

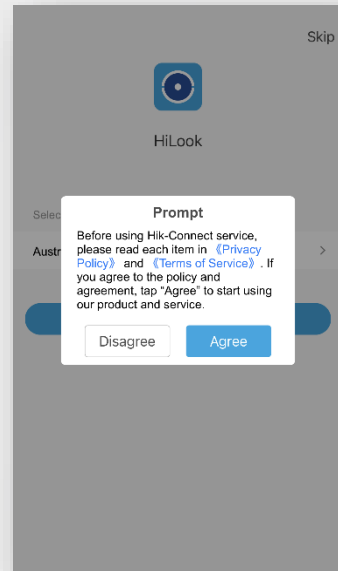

2. Open App and select 'Allow While Using App'

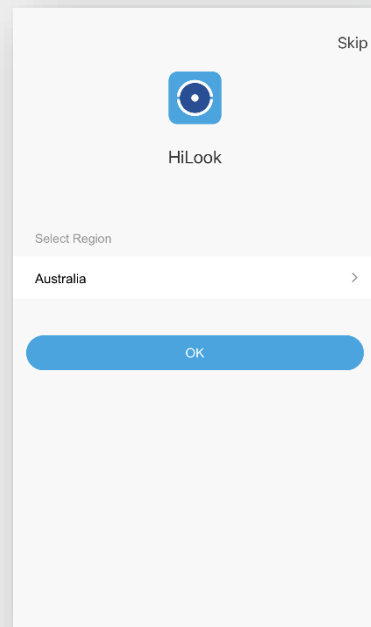

3. It will now prompt for Notification permission – select Allow

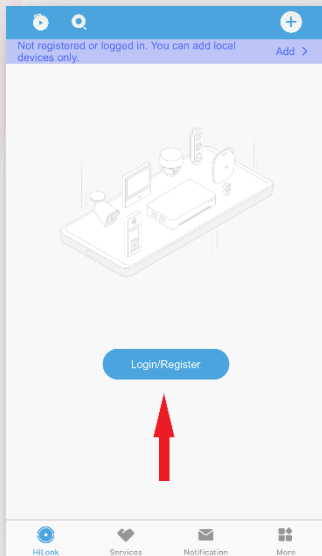

4. Select Agree for HikVision's Terms of Service & Privacy Policy

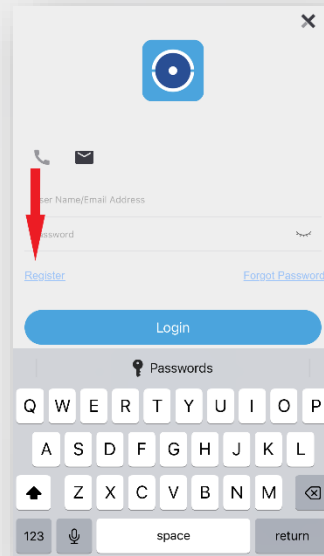

5. Select your Region as Australia, it may already be selected

6. Select Login/Register to create an Account

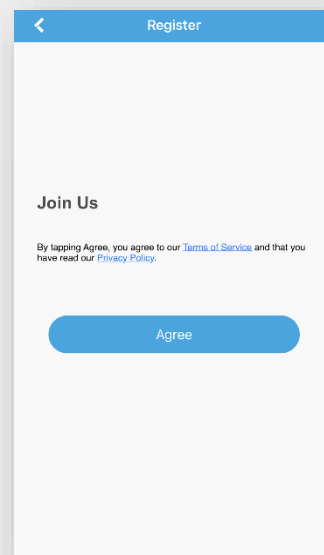

8. Select 'Register' to create a new account

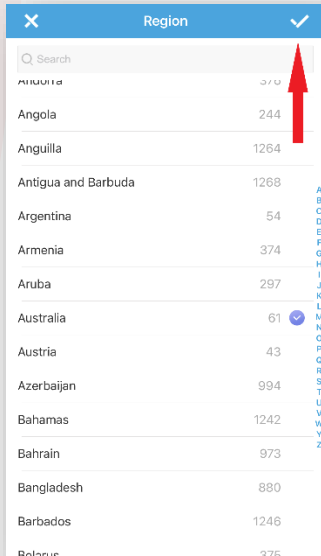

7. Select the Email symbol

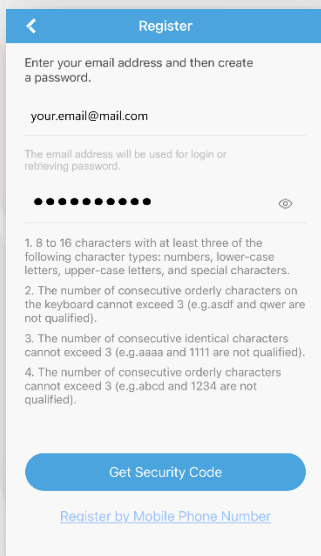

9. Click on the Agree Button

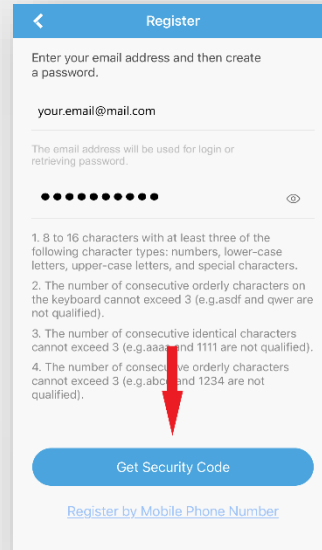

10. Australia region should be already selected, if not select Australia and click the Tick

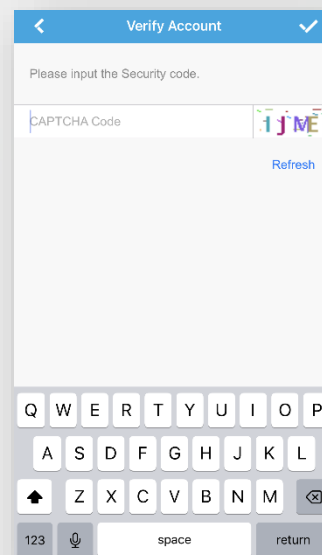

11. Enter your email address and password. You can click the eye to see your password

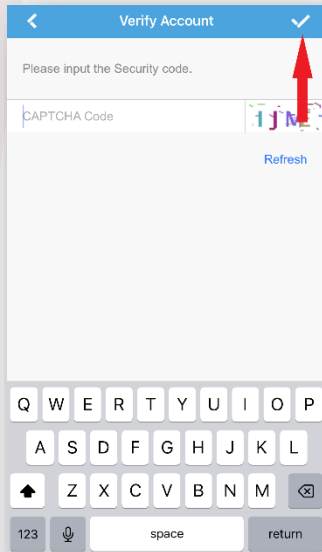

12. Click 'Get Security Code'

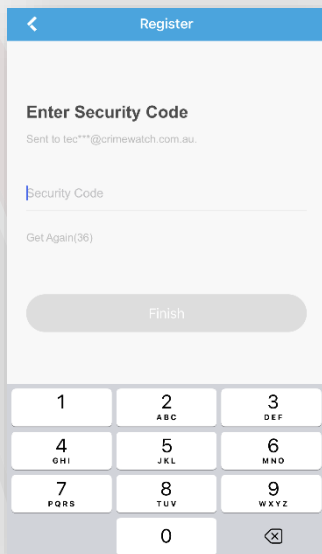

13. Enter the CAPTCHA code. Click refresh if you cannot read it

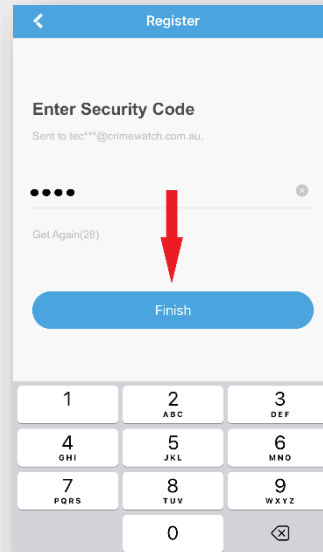

14. Click on the Tick once you have entered the code

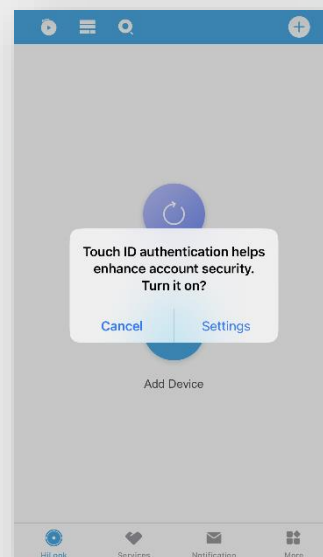

15. You will be emailed a security code. Access email and enter security code

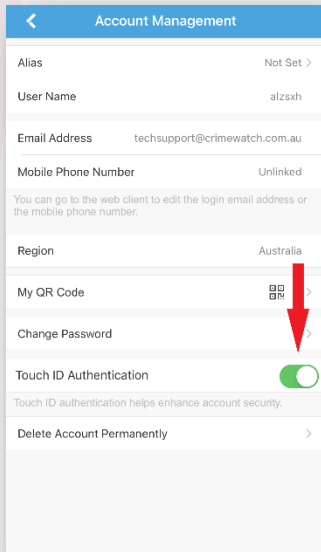

16. Click 'Finish'

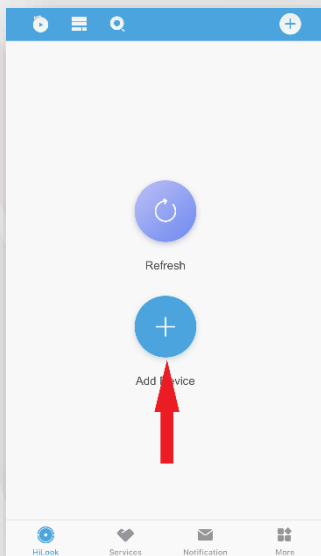

17. Prompt will appear to enable Touch ID if your phone supports this. Click Cancel to bypass this or Settings to set it up

18. If Settings was selected, the Account page will open and you will need to select the Touch ID Authentication slider to enable it

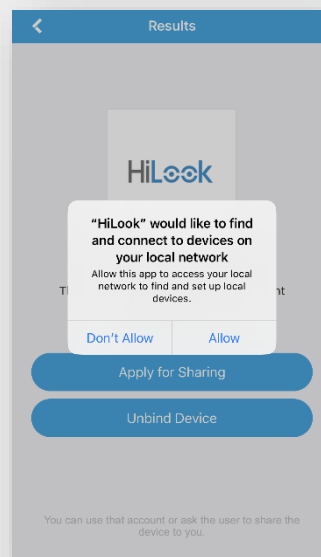

19. Account registration is now complete and you will return to the Home screen. Click on the (+) to Add Device

20. Scan the QR Code located on your Client Information Sheet

21. Prompt will appear to connect to your local network. Click Allow

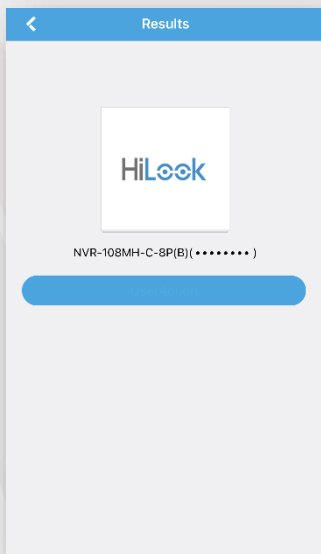

22. A scan will search for your CCTV Recorder.

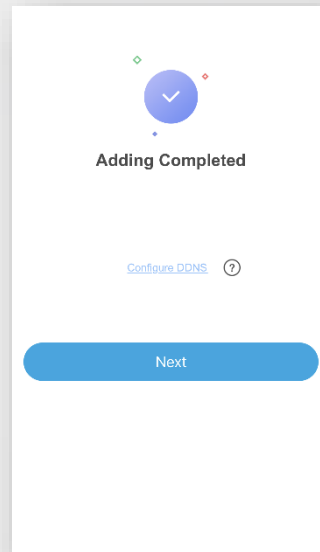

If it fails it means that your CCTV is not connected to the Internet correct. Check that it is plugged into the data point on the wall and that data connection is connected to your modem

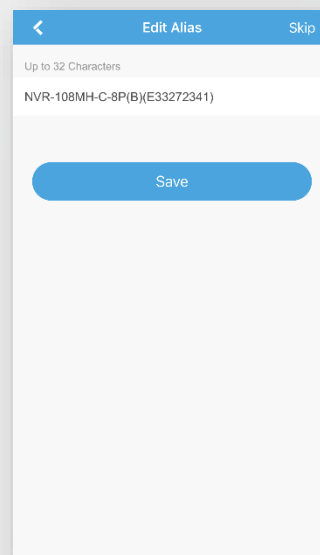

23. If successful, NVR Device should show up

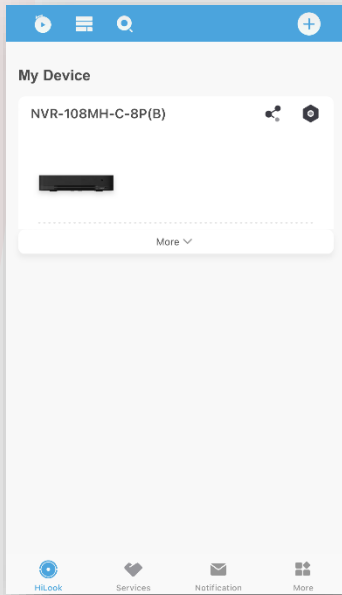

24. Adding Completed should show up. Click 'Next'

24. Edit Alias page will now be displayed. Enter a name in which you want to call it, ie. Home or CCTV Cameras and click 'Save'

25. Now you should return to the Home screen with your CCTV Recorder showing under 'My Device'

To set up on Multiple Devices just login in with the email address and password you used to set up the account.

If a camera image prompts for a verification code, refer to your Client Information Sheet.
